WHY WE NEED FRIENDS

The feeling of success and accomplishment is one that every child should experience and enjoy. As a Friend you are helping Mathews-Dickey give St. Louis area children the opportunity to ace a spelling test, score a touchdown, hit a homerun or land a free throw, value high morals and go above-and-beyond to realize success.

Mathews-Dickey is a juggernaut in galvanizing community support for a large volume of St. Louis area youth from all walks of life, ethnic and socio-economic backgrounds. This important mission has offered increased demand and responsibility to reach beyond traditional funding sources to capture new streams of support for innovative programs in cultural & health awareness, educational enrichment & leadership, sports & recreation and summer day camp.

More than 1 million young men and women from a 50-mile radius have participated in our activities since our Kingshighway building was erected and declared a model for the country by President Ronald Reagan in 1982. The Club can only continue this mission if friends like you step forward. At this critical time we need your help more than ever to encourage our youth to give respect to gain respect, use restraint regardless of the situation and to be responsible to themselves, their communities and their country.
